

MAST@Homestead New Clubs Proposal Guidelines

Directions:

All requests to form clubs must be student-initiated.

A request does not guarantee that a club must or will be created.

Proposals can be submitted to Mrs. Molina during the time frame indicated on the school website. Proposals will be stamped with a date and reviewed in order received during the following summer with the principal to determine eligibility.

Proposals must include the following:

(All proposals must be typed)

1. What is the name of the club?
2. What is your name and student ID
3. To your knowledge, has this club ever existed at MAST?
4. Please describe the purpose of this club.
5. Describe the lesson, experiences, or benefits this club will offer students.
6. How often will your club meet?
7. What are some of your proposed activities and fundraisers for this club?
8. Which teacher at our school has agreed to sponsor this club?
9. Provide a list of 20 students interested in joining the group. Include their first and last name and student ID; if you want to create an electronic survey to get an idea of student interest, you may do so and then forward it to me to share with the student body.

If you have any questions, please do not hesitate to contact Mrs. Molina in the Activity's office or at wamolina@mastacademyhomestead.org
